MANOHAR PACKAGING
The Manohar Packaging Group

The Manohar Packaging Group was founded by Mr. Vishal Shirodkar, a visionary industry leader in the Indian packaging arena, who started his career in 1963, and has since been accredited for developing a plethora of award-winning brands in packaging, backed up by assured supplies.

The group has worked very hard to constantly raise the bar for increased visual appeal and path breaking printed packaging, backed by manufacturing processes to suit. From manufacturing India’s first foiled labels for Bagpiper Whisky, a brand that now sells close to 11 million cases a year, to developing packaging for several premium range olor beverage brands including Black Dog Scotch, Signature Whisky, 100 Pipers Scotch, and the McDowell’s No.1 portfolio of brands, our core philosophy is to go the extra mile on visual innovations and guarantee supply chain security for the same.

We are proud to be one of India’s largest specialized packaging manufacturers, and currently manufacture premium labels, containers and cartons in any shape, size, or form as demanded by our clients, across our multiple locations in India.
